## Technical Data

| IDENTIFICATION            |                             |
|---------------------------|-----------------------------|
| Source                    | woocommerce                 |
| Product status            | Normal                      |
| Manufacturer              | Nevalux                     |
| DIMENSIONS                |                             |
| Dimensions Ø × H          | 900 x 82 mm                 |
| ELECTRICAL                |                             |
| Mains connection          | 200...240 V / 50 – 60 Hz    |
| Power                     | 80 W                        |
| Replaceable driver        | Yes                         |
| Type of wiring            | Suitable for through wiring |
| LED rated current         | 2100 mA                     |
| SENSOR TECHNOLOGY         |                             |
| With motion detector      | No                          |
| Nevalux sensor technology | DALI 2                      |

| With light sensor           | No                           |
|-----------------------------|------------------------------|
| LIGHTING TECHNOLOGY         |                              |
| Colour temperature          | 4000 K                       |
| LED colour deviation        | SDCM3                        |
| Colour rendering index      | 80-89                        |
| Illuminant                  | LED                          |
| Luminous flux               | 9000 lm (Down 5600, Up 3400) |
| Beam angle                  | Down 95°, Up 100°            |
| Luminaire luminous efficacy | 113 lm/W                     |
| Glare value                 | UGR < 18                     |
| LIFETIME                    |                              |
| LED lifespan (25 °C)        | 50000 h                      |
| SETTINGS                    |                              |
| DALI dimming                | Yes                          |

| With emergency light                          | No                             |
|-----------------------------------------------|--------------------------------|
| Direct/indirect ratio separately controllable | No                             |
| HOUSING & MATERIAL                            |                                |
| Protection class (IP)                         | IP20                           |
| Protection class                              | I                              |
| Ambient temperature                           | -20...45 °C                    |
| Housing material                              | Aluminum                       |
| Cover material                                | Microprismatic acrylic glass   |
| Mounting type                                 | Ceiling / wall surface-mounted |
| Colour                                        | White                          |
| SCOPE OF DELIVERY & WARRANTY                  |                                |
| Manufacturer warranty                         | 5 years                        |
| CERTIFICATES & EPREL                          |                                |
| EPREL energy efficiency class                 | E                              |
